

## **Agenda item 8**

### **For information: Accident at the Old Showfield**

Author: Chris Stringer, Environment Manager

There was an accident involving a member of the public at the Old Showfield on Sunday 11 September.

We're in regular contact with those who were involved – and with their help we'll establish what happened.

The nature of the injury sustained in the accident means that we'll likely report the accident to the Health & Safety Executive; as appropriate we will also bring a full report to a future Council meeting.
